120.         Introduction for new users</h2><↵
121.         <p class="mb-6 text-lg font-normal text-customblack lg:text-xl"><↵
122.             PipeTracker is a powerful inventory management application
designed specifically for plumbers.<↵
123.             Use it to improve your workflow and make tracking your inventory
easier.<↵
124.             You can structure your stock items in categories and manage
delivery notes to simplify your invoicing process.<↵
125.             Here is a step-by-step guide to help you get started:</p><↵
126.             <div class="flex justify-center"><↵
127.                 <ol class="space-y-4 list-decimal list-inside text-left text-
lg"><↵
128.                     <li><↵
129.                         <span class="font-bold">Explore the Dashboard</span><↵
130.                         <ul class="space-y-1 ps-5 list-disc list-inside"><↵
131.                             <li>Take a moment to explore the dashboard, above the
introduction you'll find your real-time statistics.</li><↵
132.                         </ul><↵
133.                     </li><↵
134.                     <li><↵
135.                         <span class="font-bold">Stock Management</span><↵
136.                         <ul class="space-y-1 ps-5 list-disc list-inside"><↵
137.                             <li>Open <a href="/stock/" class="text-darkblue font-
bold hover:text-lightblue" target="_blank">Stock Items</a> in the menu to
efficiently manage your inventory.</li><↵
138.                             <li>Organize items into categories and subcategories
for easy accessibility.</li><↵
139.                             <li>When you open a category with stock items, you can
order the table based on your preferred criteria.</li><↵
140.                             <li>Search for the desired stock item by name, size or
matchcode.</li><↵
141.                             <li>Use the QR code in the item detail page to print
out for your physical stock to quickly open the desired item.</li><↵
142.                             <li>Easily update item quantities with a simple click
of the <strong>-</strong> or <strong>+</strong> buttons.</li><↵
143.                             <li>Automatically create stock items by <a
